Reference: Request for Additional Information, dated 10/20/09

Dear Mr. Matheson:

This letter is in response to your letter, referenced above, concerning the Amended July Quarterly Report, filed by Coburn for Senate 2010 (the Committee) on 7/22/09.

Your letter requests additional information concerning the "...substantial increase in the amount of receipts from those disclosed on [the Committee's] original report...."

As discussed in your October telephone conversation with the Committee's Assistant Treasurer, Bethany Harlin, the increase of activity was explained in the cover letter filed with the Committee's amended report. The letter stated that "in June, the Committee's software provider did a conversion of the Committee's financial data (for remote hosting purposes). Following the conversion process, some software and data discrepancies were found by the Committee which caused certain contributions to either not appear on the report, or to show an excessive election cycle-to-date total."

The cover letter went on to explain that "these issues were not able to be resolved prior to the July 15 filing deadline and the second quarter report was filed to the best knowledge of the Committee as of July 15."

Following the July 15 filing deadline, the Committee promptly resolved the data discrepancies with its software provider. In an effort to ensure that the public record was complete, the Committee immediately amended the July Quarterly report to fully disclose all contributions and the accurate cash on hand at the close of June 30, 2009.
